Take a closer look

Health benefits are important to you and your family. Staying well and living well are, too. Aetna puts it all together for you — benefits, wellness resources, tools and tech, and personal service and support. So take a few minutes, and see the difference. Let Aetna join you.

One of America's largest provider networks
Your Aetna® plan has national strength with a local focus. You can access a national network with:

- 1.2 million health care professionals
- Over 5,700 hospitals
- And more than 700,000 doctors and specialists

Even if you're not enrolled yet, you can visit aetnastateofkansas.com to check if your doctor is in the network.

Advanced tools and technology
Your secure member website gives you the tools to make the most of your Aetna medical plan. Compare health care costs, find a doctor, review a claim, check out your member discounts — it's all there. And it's easy to get started.

Virtual office visits
Teladoc® lets you consult with a primary care doctor, 24/7/365. Get diagnosed, treated and prescribed for non-emergency problems, at just \$40 or less per consult.

Health care on the move
You've got poison ivy and it's bad. Pull out your phone and use the new Aetna HealthSM app to find an urgent care center close to home. Need a follow-up visit with a specialist? Use the app's provider search tool to find the right doctor. You can even track your spending and progress toward your deductible. It's health care that moves with you.

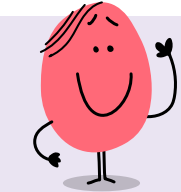

Five Aetna plan options

Here are the five Aetna plan options available to you for 2020. The chart compares out-of-pocket costs for some common medical services provided in-network. You can go outside the network, but you'll usually pay more. Open Enrollment materials will include more plan details. You can also visit aetnastateofkansas.com.

2020 changes to Plan C are bolded.
